

A Better Way to Build

CUSTOM PLAN DESIGN

CUSTOM HOME PACKAGE-KIT

CONSTRUCTION MANAGEMENT

BETTER, CHEAPER AND FASTER WAY TO BUILD YOUR CUSTOM HOME

All our custom plans and designs include full structural engineering, roof trusses and floor system engineering. Mechanical plans and engineering. Ontario or Quebec stamps required to obtain permits. **Completely customized and personalized** to your wishes, including custom materials as needed.

Our kits are all-inclusive, with no surprises, and feature our own unique **R-32 Paragon Wall** system for superb energy efficiency.

Our kit features pre-engineered wood for the structure of your home, and engineered posts and beams, custom hybrid timber.

Construction Management

- Site Preparation
- Supervision & Inspections
- Safer Budget & Cost Control

Service that goes beyond the materials

As part of your kit purchase we will provide support for all trades and vendors; on-site for local projects.

BETTER Design & Construction

CHEAPER 25% than competition

FASTER Materials on Site When Needed

Paragon Homes packages are renowned as being the most customizable kits available.

Paragon offers you a **lifetime warranty call assistance** as long as you own your home.

SAVE UP TO 25% ON YOUR NEW CUSTOM HOME AND GET A BETTER-BUILT HOME THAT COSTS LESS TO MAINTAIN
